### Meet our Leaders:

Tonia Sengupta – President

Tonia is a program and business management entrepreneur with 25 years experience managing large projects for Government and Commercial Companies. As part of that experience, she has a clear understanding of the various US based laws around information security, information management, privacy, risk management, adjudication, confidentiality, among others. Tonia has spent two decades in the healthcare management space with end-to-end health information lifecycle solutions and has a double masters degree from University of Michigan in Managed Healthcare and Medical Insurance Fraud

Shivaji Sengupta - CEO

Shivaji is a management, solutions development and technology entrepreneur who has over 27 years of experience providing solutions to government and commercial customers globally across 17 countries / 4 continents in the areas of cyber security, enterprise information management, content management and information technology. Shivaji is an Adjunct Professor for Cyber Security at Delaware State University. Additionally, Shivaji has been an AFCEA member since 2017 and is a Board Member in addition to being a member of the Homeland Security and Small Business Committees.

### Accolades for Cybersecurity:

“The Contractor personnel are of a high caliber in their technical knowledge and performance of contract requirements as evidenced by their ability to provide critical cybersecurity support and services to the nationwide USMS IT enterprise.” –  
Department of Justice USMS

### Accolades for Cloud Migration / IT Modernization:

“As the agency engages in a multi-year plan to migrate the majority of its current IT applications from on-premise data centers to various cloud environments under aggressive timelines, the Magnus team continues to perform very well in the performance of the contract requirements and is very responsive to both technical and contractual direction.” -  
Department of Justice Customer
